VALUE \$97.00

Setup A Killer Sales Page or Squeeze Page Easily With WP Optimizer - It's Point & Click Easy!

Do you have a wordpress blog and want to extend it without changing your favorite theme. Now you can change any page into a lead capture or salesletter page.

WP Optimizer is exactly what you need to quickly create a professional page template, save it, and download it to add to your wordpress blog. Everything is explained in only three steps.

No techie skills required. Just enter in the content with an easy to use wizard and the page is created in front of your eyes. Here are some of the features included:

Change Background in Different Graphical Styles

Choose from a variety of background styles giving your page a unique style, all inherit your chosen color scheme and typography.

Choose From Different Color Schemes

Choose from Black, Blue, Red and Green. Change scheme on the fly and see your background style change too.

Full Typography Control

Edit the typography on the fly, choose from Arial, Georgia, Verdana and even Courier for older look. It's all there.

Even Change Content Header Style

Further give your page a customized look by changing the content header style; this helps give your headline a more prominent look.

Quickly Edit Logo, Tagline and Even Headlines

Write your logo and see if appear in the live preview, same with tagline, headline and even sub-headline. Delete headline or sub-headline by just entering a space.

Add Autoresponder or Video Code

Easily add your video embed code or email autoresponder code into your page below your headline. Super quick and simple.

INSTALL YOUR WP PAGE:

SUPER EASY - REQUIRES NO EXTRA TECHNICAL SKILL - ONLY FTP ACCESS

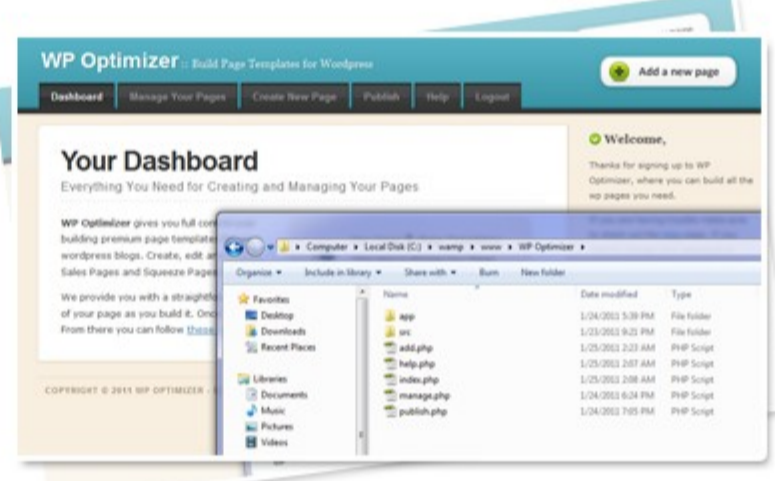

Super Quick and Simple Setup with Your Wordpress Blog

No technical skills required, if you have your own wordpress blog and install a theme, you can install your newly built page.

Simply create your page using the software then publish it; download the file and copy & paste files to your current theme.

Add a new WP page and select the page template that you just added to your page. It's simply that easy. The content you write in your page will appear below your headline.

Super simple to do, no techie skills required!

BROWSE WP PAGE DEMOS:

WORKS ON ANY WORDPRESS THEME FOR ALL OF YOUR BLOGS

Add Your Page to Any Wordpress Blog; No Need to Change Your Theme - Change Any Page Instantly

The demo's shown below aren't live but can turn any page like your About Page into a Sales Page or Squeeze Page, capturing emails, displaying video or any type of content you want.

Using the WP Optimizer software you can get a variety of pages with different backgrounds, colors, type and content styles.

Install your customized pages to your wordpress blog instantly and show your content below the headline for display.

These are just a few of the possible pages that you can create.
