3 Kino Moves

Spin Move

Look at the back of hand and go, “oh interesting” so she looks at back of your hand, then go “put up your hand like this” then grab it and say “now lemme see” (grab her hand) then “now do a little spin and spin her inside of herself (not outside) and go “very nice! that’s what you get for being good” guaranteed to make her smile and start the physical escalation game.

San Diego Handshake

Do you know the San Diego handshake? Show her the typical hand slap and fist pump. Now do it again but more smooth like we’ve known each other forever. Nice. Do you know the La handshake? Show her different kind. Do you know the New York handshake? (The idea is to start getting physical right away with plausible deniability, so she gets used to and

accustomed to your touch and it becomes a normal thing between the two of you)

Hug Spin

At a good time to pump buying temperature and when it's appropriate or you feel you can get away with it. I'm a show you something, give me a hug. Pick her up and spin her around and then set her back down. It's pumps buying temperature

3 Kiss Closes

Hypnotized?

When the time is right and she's into you and you think you can get away with it go "Have you ever been hypnotized before? I'm gonna hypnotize you are you ready? Then seductively look into her eyes and just go for it. (Surprisingly you get little anxiety with this method because it's in the frame of you showing her something but you kinda messed up, try it)

Would you like to kiss me?

Would you like to kiss me? (if no say I didn't say you could, you just look like you had something on your mind) if she says anything else, then go for it or say "let's find out" and go for it.

Kiss my cheek

After you do something that can be rewarded, like something she likes or makes her laugh or like a magic trick point to your cheek and say "kiss my cheek". If she does then you can say "nice, but like this" or "no you're doing it all wrong, like this" then go in and kiss hers. See if you can get her to kiss yours again "like that, now try again". Then go for the lips, sometimes you can even cheat and when she goes to kiss your cheek turn your head at the right time so she actually kisses your lips. :)
