Chapter 1: the email

The couple had always been curious. They had watched movies with swinging, both were turned on by double penetrations and orgies then always had hot passionate sex after watching such a naughty movie, which was far and few between.

They were both in great shape she was definitely a MILF and he FILF if there was such a thing. She had natural full Double-D breasts, platinum blonde hair, and although a little on the fuller side, she could be confused for a stripper if and when on occasion she decided to dress slutty for her husband. They had lots of passionate sex, especially on vacation to their favorite nude resort in Mexico, and even there had ventured into touching and playing with other couples. The swinging lifestyle was a bit overwhelming to them, but they often fantasized to each other during sex about others in their imaginary bedroom or wherever the fantasy was taking place.

The email she received was from some friends they knew, but not all that well. They

had recently moved into the neighborhood a few streets over and she remembered them well as the wife was very similar to her. In fact some asked if they were related as they had the same hair, body and huge breasts. Although friendly, they never had much conversation except at a couple of neighborhood events. She read the email with trepidation, excitement and to be honest, titillation as well.

The email read: ‘...we hope we’re not being to forward, but you both seem like very open people, always sexy towards each other, which we love, and of course your both gorgeous. We are having an adult pool party at our house tonight. We should of asked you sooner, but seeing you this morning out for your walk reminded me to invite you both. The party will be clothes-optional once you enter our house, so be forwarded, there will be lots of naked people in the pool and throughout the party. We love to be naked, and think it’s a great way to get to know people. There should be about 10 couples at the party, if they all show up. No need to bring anything, as you will not need to wear anything if you decide to get naked and join the fun. We invited

couples that all live close enough to walk, so no need to drive. This is especially important as we love to do tequila shots and have some fun adult sexy games planned. Email back if you guys can make it. Kisses :)”

The wife read the email again, no mistake, they had just been invited to their first naked house party, no idea if that meant there would be swingers there, but she figured probably. She called her husband at work, and read the email. His member got hard under his desk, as he also had the same reaction as the wife – titillation and excitement. They chatted and she said let’s try it, might be fun, his panting over the phone told her he was all in without a word, she said ‘kisses – see you soon.’ Knowing this info would drive him wild and he would probably leave work immediately to come home and be as horny as her at the thought of the naked house party nearby in just a few hours no less.

Knowing her husband, she jumped in the shower, and toweled off, and thought she would give a kinky welcome to her husband to get his motor in overdrive for the night.

She went to their toy drawer, and although only occasionally had they had tried anal sex, she knew anything with her ass drove her husband wild.

Chapter 2: the ribbon

Finding one of her dildo toys, she had a very kinky thought, and tied a ribbon to one end of the dildo then the other end to the front door handle on the outside and shut the door with the ribbon going through the door underneath. She then unraveled the ribbon all the way to the kitchen, and waited, naked with the toy. Figuring she needed to get in the mood, she began fingering and playing with her ample clit while sitting at the kitchen table. Placing both feet on the table, she opened up her pussy and began to fuck herself with the cock-like penis look-alike dildo. After a few minutes she was wet and cummy, and really wanted to make herself climax but waited. She had not ever used the toy on her ass, but began to play with her ass hole seeing if it felt good and to her surprise, it felt amazing as the head actually slipped in with no discomfort. Not sure if it was her hyper-horny state at the party tonight, or the copious lube from her pussy, but she kept pushing deeper and was shocked when she felt the balls of the cock hit her pussy and rub against her enlarged clit. The thought of having a cock in her ass made her start to

contract, realizing she was about to cum, she pulled out the toy panting.

Just then she heard a car pull up out front and knew her husband would come in hot and horny, plus she had an even more kinky idea, and stuck the dildo back in her contracting ass, leaned over the kitchen table. She knew her husband would see the dildo with the ribbon tied around it clearly sticking all the way in her ass. As she laid there waited for her husband splayed open to him, she felt her ass and pussy contracting with anticipation.

The husband had been hard the entire time after his wife called. He wrapped up work early for a Friday, and rushed home. As he walked up to the door he noticed the red ribbon on the outside handle. Using his key he opened the door and saw the ribbon trail down the hall to the kitchen. Dropping his briefcase, he followed the ribbon not knowing what to expect, but interest building when he called out to his wife and all he heard was a moan to his call. He picked up the ribbon and tugged, causing another moan in the kitchen. As he walked he tugged just a little and continued to hear

moans, then rounded the corner to their kitchen and froze. The sight was his wife, naked and splayed over the kitchen table, and protruding from her ass was one of their huge dildos, and it was shaved all the way to the balls of the toy, while her hips gyrated. His wife looked behind her and smiled, then asked him to pull the ribbon in a deep husky horny voice. Complying, he gave it a tug and it popped out of her ass and landed on the floor. The wife screamed and did everything but cum but her legs were shaking and he could tell would not take much to make her finish. With his cock hard as a rock in his pants, he dropped them to the ground, walked over and shoved it in her super-wet pussy. She screamed again, but he stopped and leaned over saying 'you have been a naughty girl, for that you cannot cum until tonight.' She shuddered as he pulled out of her pussy and without warning, shoved it deep in her very loose wet ass where the dildo had just been. The wife screamed and kicked her legs out at the throws of her orgasm started, but the husband pulled-out and backed away, as her contractions slowed, and stopped. His cock was dripping in her cum, and pulsing as he was also about the cum. Just like that he

dropped to his knees and starting cleaning her ass and pussy of her cum, careful to avoid her clit as he knew that would push her to quick climax. He then turned her over and had her lay on her back with her head off the table, and opened his wife's mouth and asked her to fuck his cock, still wet with her cum.

She attacked the cock like it was her last meal and squeezed his balls to the point of sweet pain, just when she sensed his impending explosion, she stopped and looked up at his from under his cock and said 'if I have to wait so do you!' With that she jumped up and said 'we have to be at the party in one hour, I need that to get ready. She reeled up the ribbon and gathered their naughty toy and went to their shower. She left him standing there half naked, and pre-cum dripping out onto the floor and smiled; mission accomplished, motor running for tonight!

He was unsure what had just happened, as he had never been able to insert inside her ass more than halfway, and that was only once. He liked this animal sexual response, and knew like him, it was the titillation of

the party tonight. Not bothering to constrict his manhood, he stripped the rest of the way and went to join his wife in the shower.

To his surprise, she was already out and had a towel around her working on her hair. He showered and dressed and said he would see downstairs to leave for the party in about 30 min. The husband left and the wife had one more kinky surprise for her husband, if not more, just depends on how the party went. She picked her outfit, one her husband had never seen as she was saving this one for a special night – and this was the night.

Chapter 3: cocktails

She came down with her long light raincoat on for the evening summer chill when they returned home that night. Her husband was dashing in sexy clothes, but modest enough to wear out in the neighborhood. As they left she pecked him on the cheek as said how excited she was for the party, he replied the same, and with a clearly visible hard-on they left.

Thankfully it was already dark and they strolled arm in arm, but slowly as he noticed she was wearing very high spiky ‘fuck-me’ heels and commented on how nice they looked on her. She told him she wore those so he could do what the shoes are called – making his member jump again in his pants.

They knocked on the door and they wife opened, wearing a very sexy teddy that showed all her body, but with black lace over her nipples and pussy, but barley. She was strikingly gorgeous, and sexy in a fuck-me-now sort of way, both thought silently as hugs and kisses were exchanged by the girls. His wife commented on how beautiful she

looked in that lingerie, and she smiled and said I bet you look hot in the same and winked at her. The host wife then hugged the husband and squeezed his ass in front of the wife while she eyed her, as if saying, 'I want a piece of this tonight,' to the wife winking back as if approving.

The husband was a perfect gentleman as the near-naked women hugged and squeezed him. She then turned to the wife and asked to take her coat. As the wife pulled off the coat the husband almost choked but caught himself. His wife had on under the raincoat a sexy leather bustier that vaulted her enormous breasts, causing the nipples to be exposed. The outfit went down to stockings that were attached to the top, and no panties. Just a bald pussy that glistened as she walked away with the wife arm-in-arm as if they had on cocktail dresses at an ordinary dinner party.

The husband was shocked at his wife's raw sexual display, and followed them into a room with about 10 people, mostly naked, standing around chatting and drinking. The pool had another 10 or so people around the pool deck, with loud laughter coming from that area. The host wife said to the husband,

‘why don’t you join my husband in the hot tub with some friends, I want to show your wife around the house and we will be out shortly.’ On that she turned and left with the wife.

Chapter 4: hot tub time

The husband showed himself out and the host caught his eye and motioned for him to join him in the hot tub as he had three very hot, young women in the tub with him. Clearly their husbands must be inside or among the others in the pool. He stripped and several of the women stopped what they were talking about and stared as he lifted his leg to enter the hot tub. The husband was clearly very well endowed with a large cock, both in length and girth, so much so a few women giggled and whispered to their husbands he assumed, or the men next to them.

The three hot young ladies just stared at his member drinking in every inch with their hungry eyes. Feeling a little self-conscious, he dropped in the warm water and thanked the host for the invitation, saying this was their first party of this kind. The host was kind and smiled and said to relax; they had some fun things planned for the evening. And with that a cute host appeared and took his drink order, and left. As she did he noticed she had nothing on under the apron,

as her tight ass wiggled with a hot tramp stamp tattoo just above her crack as she returned to bar.

The three ladies introduced themselves saying they were single friends of the host and his wife, and lived nearby and the three of them shared a house as they were finishing nursing school. One was a blonde, a brunet and the third a blonde Asian, which was erotic as much as exotic. All had clearly enhanced breasts to a C or D size, since the water and light in the hot tub made it hard to tell as they floated straight out like the erection he had. Each of the ladies held out their hands across the hot tub and as the shook and introduced themselves, they dropped their hands and ‘accidentally’ brushed his erect penis underwater. The third Blond Asian, made eye contact and when she dropped her hand she actually grabbed it and jacked him one full stoke then settled into a seat next to him, leaving her hand on his pulsing member underwater.

He was so turned on by the affection and touches, but he was not sure he could keep from blowing with just a few more stokes. To his relief, the hot Asian just rested her

hand on the base and fingered his balls, something that was hot but he could take for hours without climaxing. Figuring the Asian knew this as well.

Once greetings were exchanged the host husband told the ladies that he hoped they would help him and his wife get comfortable at the party as he had some host duties to attend to, and with that got up revealing a large hung cock, that was semi-hard but still impressive. Again the three girls and many in the pool drank-in the beautiful sight as he toweled off, but stayed naked and went into the house.

The blonde saddled up to one side while the cute Asian was still stroking his balls underwater. The brunet came up to him spreading his legs and put both her hands on his rock-hard cock. The blonde next to him was helping with his balls, and all the while he was worried if his wife saw this attack she might not find it hot or horny. Just then the hot hostess wife came up with his wife still on her arm, and said ‘I see you have met our friends!’ ‘We invited them as they love to have a good time and everyone can always use some hot girls around a party.’

To that they all giggled and said to her, ‘is this his wife?’ To which the wife smiled and said ‘thanks for entertaining him ladies, I am sure your making his night.’ They then commented how lucky she was to have him and his huge cock. The wife then surprised her husband for the third time and said to the ladies, ‘then you better enjoy it as he will like having someone different, please have fun.’ And with that she blew a kiss to her husband and turned and placed her hand on the host wife’s hot naked ass and she did the same on the wife and they walked back inside.

The sight of the two of them, along with the girls that never let up on his cock was almost more than he could take. Especially getting permission from his wife made it all the more naughty and hot. He started to return the favor and began fingering the two on each side with one hand each, and raised his foot to find the one in front’s soft pussy underwater. Thinking he was going to play with her, he was a bit surprised when she reached underwater, grabbed his ankle and angled his foot to her pussy. One by one, she pushed and nudged with both hands until his foot was halfway some how inside her. To

his sexual amazement, she then started contracting on his foot while her eyes rolled back in her head, clearly enjoying the foot-fuck underwater.

The blonde next to him was first to move and without asking straddled his lap, her cummy pussy finding his steel hard penis and in one motion and with a small moan, dropped herself onto his cock feeling the Asian's fingers against her ass as she fondled his balls. The blonde just sat there, not rocking, and then he felt a tugging as the Asian started to stuff a ball into the blonde's ass hole. With the warm water and her not moving, as if they were communicating silently, they fitted the first to his intense pleasure. She then started working the second and using both hands, she shoved the second in none to careful, bringing moans out of the man at having his cock inside this hot young woman and his balls locked in her ass. She stayed still and contracted her ass on his balls, but did not move on his encased cock. The Asian then reached her fingers down and first touched his ass making him contract, then he laid back his head as the blonde started to open mouth kiss him as he relaxed, and the Asian's fingers started to

insert and explore his ass hole. One by one with patience, while his foot was fucking the brunet girl in front, the Asian inserted three fingers into his relaxed ass, causing him to moan louder. The blonde could not hold still any longer and started slowly bucking her hips, trying not to let the balls fall out, but in one shudder, she started to cum on his cock and her ass began contracting, massaging his balls. She had to move and lifted up pulling both balls out of her, pushing her over the edge as she screamed so loud everyone in the pool turned to watch the erotic show. Watching the blonde on him have her orgasm, while the brunet that was foot fucking said 'my turn' and as the blonde dismounted, she laid out next to him panting as the brunet turned around from behind, and guided his cummy cock, in spite of the water, to her waiting pussy. Leaned over from behind, she seated herself and bounced just a couple of times and she screamed as well as cumming in record time. He felt warmer water hit him, assuming it was a squirt from the hot lady riding his cock. By some miracle, he did not cum, but could tell just a few more strokes by the pussy and he would blow. She then dismounted, the second pussy on his cock in less than two

minutes, and laid out next to the blonde and was in a similar post-climax state.

The hot blonde Asian that had her fingers up us ass asked him to sit on the pool deck, and him thinking he was going to get a much-wanted blowjob, was surprised when she straddled him, and using her hand, maneuvered his cock not in her pussy, but into her relaxed ass. With movements back and fourth and up and down, she had seated herself on his cock while her breasts were in his face, so he began sucking her nipples. He just sat there like a fucking post as this hot women rode him hard and began jumping up and down on his hard cock in her ass. She must of sensed his impending explosion and started to scream with her climax as he moaned and burst his huge load into the woman's contracting ass, causing her to scream even louder to the attention of everyone again. This continued for three for four intense contractions and she collapsed on his shoulder with his cum running out of her ass on to his balls and pooling on the hot tub deck.
