

ROYAL ENFIELD SERVICE MANUAL

HIMALAYAN

Carburettor Version Model

PREFACE

“FIRST TIME RIGHT” is a very important element for enhancing Customer Satisfaction.

Royal Enfield is committed to upgrade the skills and knowledge of technicians so that they follow scientific repair techniques to ensure “FIRST TIME RIGHT” practices and carry out repairs accurately so that customers will enjoy trouble free performance at all times.

This manual will help in complete understanding of systematic procedures for dismantling, inspection, diagnosis and reassembly for the new Royal Enfield **Himalayan** motorcycle, in a simple and scientific manner.

While this manual is updated with latest Information and Specifications at the time of going to print, due to continuous improvements being done to improve performance, some of the data, illustrations etc., in this manual may be different from some of the parts fitted in the motorcycle.

Please do feel free to write to us at support@royalenfield.com , if you have any queries, clarification, suggestions or feedback.

With warm regards
