

# eBook Creation and Promotion for Newbies

**"Discover How YOU Too Can Create Your Own Collection Of In-Demand, Profit-Pulling Info Products In Just Minutes From Now"**

**D**ear New Marketer,

If you would study the successful Infopreneurs, Niche Marketers and Internet Marketers of today, you would find that they all have **one thing in common**: they create their own products.

And if you are **serious** about joining their ranks, you would want to create your own Info Products, too!

**Why?**

For starters, **you make instant sales** every time you sell a copy of your Info Product, something which you cannot achieve through affiliate marketing because the principal can only pay you after the product guarantee policy expires. Oh, and did I mention that you make *only a certain percentage* of sales?

Sure, you can cover that loophole by reselling products with Resale Rights and earn

**100%** sales. But on the drawback, you have *very limited* flexibility towards the product rights because the copyright and ownership is still owned by its original author!

While I am obviously **NOT** implying that you can't make money from affiliate marketing and Resell Rights - I make a decent income from them - but the point I'm driving home is this: if you want to make **BIGGER** bucks then the pot of **gold** is found in creating your own Info Products!

With your own Info Products, it means an **infinite** number of choices and flexibility in the rights.

Not only can you **make up-front sales**, you can:

- ✓ Decide how you want to **make back-end income**,
- ✓ Sell the product at a higher price by **offering its Private Label Rights**,
- ✓ Elect to **publish it offline**, and
- ✓ If you have a collection of them, you can **run a limited time sale** by selling ALL of them in one package!

*These are some prime examples but you get the idea.* In short, these are good stuff profit-pulling power houses are made of!
